REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

On the 19th of December, 1881, another of the early pioneers of the county, Captain Edward Beals was laid to his last long rest in Union cemetery. A native of Maine, Captain Beals was among the first of the throng which yielded to the lures of the Golden West, coming with the argonauts of 1849. In 1852 he settled in Redwood City, embarking in the livery business and building the stables on Main street which he maintained until the time of his death, which came almost without warning.

On the evening of December 24th, 1881, the members of the Redwood City Lodge of Masons held their annual installation of officers, the ceremonies ending with a banquet at the Tremont House. The officers were: George W. Fox, worshipful master; A. Hanson, senior warden; C. Jacobus, treasurer; P. P. Chamberlain, secretary; J. White, senior deacon; L. Bartholomew, junior deacon; H. B. Thompson and James Crowe, stewards; John Poole, tyler.

Among the officers elected by Bay View Lodge of Odd Fellows for the first term of the year 18882, were several members who nave continued their active work in the lodge to the present time. Among these were: George H. Buck, noble grand; John MacBain, vice grand; B. F. Cooper, secretary, and P. P. Chamberlain, treasurer. Judge Buck is still an active officer of the lodge, being the chairman of its board of trustees.

At the meeting of the board of supervisors following the tragic death of Sheriff Green, H. W. Walker of San Mateo, a former supervisor, was elected sheriff to fill the unexpired term. Upon assuming office, Mr. Walker announced the reappointment of the entire office force of his predecessor. This included George ,Barker, who had been serving as under sheriff since the election of Mr. Green.

During the latter part of the year of 1881 an number of extensive improvements were made in the Catholic church of Redwood City, the building being considerably enlarged. These improvements were completed in the early patr of December, and on Sunday, December 11th, the improved church was again consecrated to the service of the Master. The ceremonies were conductd by Archbishop Alemany, who was assisted by Father Reardon, of Menlo Park, who was at that time in charge of this parish. After the celebration of high mass a class of 50 children were confirmed by the Archbishop.

In these enlightened days when employees of the public are inclined to value their talents at "all the traffic will bear," perhaps legislative bodies might find a valuable hint in the method of selecting public help adopted by the town trustese of Redwood City in the early part of the year 1882. At that time the townwas in need of some person to take charge of the municipal water works as superintendent. At the same time the business of supplying the citizens of the town with water was not proving a particularly remunerative business and the trustees were inclined to secure the needed talent at the "lowest market price."With this laudable end in view the trustees finally decided to open the job to public competition, hoping by this means to avoid the necessity of choosing between insistent individuals and at the same time possibly to effect a saving in the salary bill. Specifications defined the duties going with the job were adopted and then bids for the position were called for. While is is resulted in the hope for economy in the way of salary, it failed to provide a means of avoiding trouble in the personal selection. The lowest bids were submitted by P. B. Jamieson and Louis Elstrom, each of whom offered to do the work for $45 per month, and in order to solve the question the selection was deferred for a few weeks. In the time intervening both these bidders secured better offers for their talent and dropped out of the contest. However the fight for the place was taken up by two other citizens, who offered to do the work for the same figures as submitted in the bids. These were James Horn and James Stalter, and at a meeting of the trustees on February 20th there was a considerable contest between the friends of the two men on the board, the choice finally falling to Stalter by a vote of three to two.

PATRIOTISM INVADES THE GRAMMAR SCHOOL

Relief Corps Rewards Third Grade With Picture of Lincoln.

The spirit of patriotism invaded the grammar school Tuesday morning when the members of the local Woman's Relief Corps marched in a body into the assembly hall, followed by the teachers and pupils of the school. The object of the meeting was a pleasant aftermath of Memorial Day.

Each year the relief corps presents to the class having the largest percentage of pupils in line of march on that day, a token of appreciation. This year it was received by the third grade, Miss Etta Kelting's class, which had 41 out of 45 in line. The exercises began with very appropriat remarks by the principal, Mr. McDaniel, followed by all present singing "Columbia the Gem of the Ocean,"and the "Battle Hymn of the Republic," Lida Hall recited "The Blue and the Gray," after which the third grade marched to the platform and sang two very appropriate patriotic songs. Then the presentation took place. At the beginning of the remarks by Mrs. Brown, the corps patriotic instructor, a beautiful picture of Lincoln, in a handsome frame, was brought to view and presented in the following well chosen words:

"When I took the office of patriotic instructor in the relief corps, I did not expect to be called upon to make a public speech, but, however, as I accepted the office I will perform the duty to the best of my ability. I realize it is an honor to be able to present you with the picture of so honorable a man as Abraham Lincoln. He labored to lift his nation from its degradation because he was a true friend and follower of God.

"Love of God was his strong passion and love of country was second to it, and when the two were united a mighty force resulted. A mighty nation was lifted out of sin into godliness. A human heart may be filled with patriotism, but the love of country is truest and best when stayed on God. No doubt every boy here would like to be president of the United States, and how proud we would be to see one of our boys president. But after all is that the highest ambition a boy can have? Is it not a personal ambition for fame? But every boy in this room can be a good citizen. The more good citizens we have, the better it is, and those who love this country will help to make it God's country. Though all cannot command as did Lincoln, each and every one can lend a hand in making things purer and better where we live.

"I hope to see every boy and girl in this room grow up to be an honor to their parents, friends, teachers and country.

"In closing I want to thank you most sincerely for marching on Decoration Day, for it was an inspiration to see so many patriotic boys and girls, and I hope to see as many if not more next year. And I want to remind you that tomorrow, June 14th is Flag Day, and I will ask each one of you to see that a flag is hung from your home. Think what an inspiration it would be, to see a flag displayed on every house in Redwood City. I thank you."

On behalf of the class and school, Mr. McDaniel responded feelingly. The singing of America by all, concluded the exercises.

HARD ON THE FARMER

The recent action of the St. Louis Live Stock Exchange in making protest apainst the passage of the Underwood Bill, which proposes to place on the free list meat and other produce of the farmer, is just what the country might have expected. The raisers of livetock and other farm produce are today receiving something like 30 per cent less for their products than they did last November, the month in which the Democrats won the big victory which placed them in control of the House of Representatives and reduced the Republican lead in the Senate to a very small figure.

As their slogan for the campaign of 1910 the Democrats raised the cry of "high cost of living," and declared that this would be reduced if they were given controll of Congress. They declared that the farmer would have cheaper shoes, clothing and every other article which he had to buy, while at the same time he would receive high prices for everything he has to sell. In the agricultural districts of the North and West, where the Republican party had its strength, a sufficient unmber of farmers accepted this assertion to turn the scale and place the Democrats in power. And now the inevitable results are coming. The farmers find themselves injured instead of benefitted. While it is true that some of the articles which they are compelled to buy have been reduced in price, he finds the reduction trivial in comparison with that which has taken place in those he has to sell.

Under Republican rule the farmers of the country had prospered. They had paid off their mortgages and become independent of the money shark. Thev rolled up big balances in the banks and bought automobiles and generally housed themselves better than they had done before. But the Democratic wave which swept the country last year swept away a large portion of their profits, until today they find they have more difficulty in making both ends meet than at any time since the panic of 1893, when Cleveland went into office for the second time, and which only disappeared with the return of the Republican party to power in 1807.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

New Trustee Named.

On the application of N. J. Brittan, Judge Buck has appointed Edward I. Barry a trustee in place of Theodore F. Payne and Belle Brittan, both deceased, to execute a trust created by a certain deed dated April 25, 1884, and executed by Nathaniel J. Brittan to Belle Brittan. The trustee is appointed to perfect title to property described in the deed.

Mrs. Lederman Gets Divorce

Judge Buck has granted an interlocutory decree of divorce to Lucy Lederman from her husband, John S. Lederman on the grounds of cruelty and failure to provide. The custody of the minor child, Arthur V Lederman, aged 8 years was given to the mother and she was given $10 a month for his support. The couple was married at Boston on January 1, 1896. In her complaint she also charges Lederman with habitual intemperance.

Klumpke Gets Judgment

Judge Buck has rendered a decision in the civil suit of John G. Klumpke agains Walter Fahey and William Fahey giving judgment to plaintiff for $170. Klumpke brought the action to recover the sum of $1,200 for two years rent of 68 acres of land, a portion of the San Perdo rancho near Colma, the rental being for the years of 1909 and 1910.

New Building Contracts.

The following builder's contracts were filed in the office of Recorder H. O. Heiner during the week:

Baird Brothers agree to erect for Emma L. Breese and her husband, G S. Breese in 80 days, a bungalow in Dingee Park, Redwood City, for $3245.

McLaughlin and Walsh agree to do certain repairs for Ogden Mills and Elizabeth Mills Reid on the Mills' mansion at Millbrae. The conrtcators are to receive ten per cent of the net cost of the work.

New Incorporations.

The following articles of incorporations were filed in the county clerk's office during the week:

The Bakers' Beach Laudd Company incorporated with a capital stock of $50,000 divided into 500 shares at a par value of $100 each. The purpose of the incorporation is to engage in the real estate business and the principal plac of business is San Francisco. The actual amount of stock subscribed is $500 by the following stockholders who subscribe one share each: G. J. Lyon, Edgar L. Hoag, Walter S. Oliver, Walter R. Hoag and Philip M. Lansdale.

Invokes State Law.

District Attorney Franklin Swart issued an order instructing the justices of the peace to make out all complaints for speeding under the State law instead of the county ordinance. Under the county ordidnance the minimum fine is $25, while the State law provides a fine not exceeding $100 or thirty days in jail or both for the first offence. For the confirmed joy rider the new system will be a decided menace, as the State law prescribes a fine of not less than $50 for the second offense and a minimum of $100 for the third conviction.

New Actions Filed.

Daisy F. M. Donnelly has brought suit in the superior court against her husband, Frank Donnelly for an interlocutory decree of divorce on the grounds of cruelty and desertion. The couple was married in the city of San Mateo on February 1, 1909. There is one minor child, James Frederick Donnelly, aged sixteen months as a result of the union. Plaintiff recites in her petition many acts of cruelty on the part of the defendant. She asks for the custody of the minor child and alimony in the sum of $15 a month, $20 a month for the support of the child, attorney fees in the sum of $50 and costs in thesum of $25. Donnelly is a barber earning $18 a week.

Viola Inez Roussell, executor of the last will and testament of P. A. Roussell, deceased, has brought suit in the superior court against Lydia Dugan to recover the sum of $1690, balance due on a certain builder's contract. The complaint alleges that on March 8, 1910, P. A. Roussell, then in life, entered into a contract with the defendant to erect a one story building on Webster street, Redwood City, for $6760. He was paid the sum of $5070 for the work and no more. Plaintiff asks for the balance of $1670 and costs of suit.

James Walsh has brought suit in the superior court agains E. F. Conlin, administrator of the estate of Rosey Walsh, deceased, to quiet title to lot 8, blk. 5, East San Mateo.

Sarah Ellen Patterson has brought suit in the superior court against her husband, Alexander Patterson for an interlocutoy decee of divorce on the ground of failure to provide. The couple was married at Michigan on March 1, 1896. Mrs. Patterson resides at Vista Grande.

PROPERTY OWNERS REQUESTS GRANTED

City Council Orders Postponement of Street Work in District Seventeen

NEW STORM SEWER PLAN READY

Bids for Construction of Storm Outlet on the County Road Will be Received July 3d.

At the meeting of the City Council last Monday evening property owners of street improvement district No. 17 sparred for time and gained their point without opposition from the trustees, who readily acknowledged the justice of the claim for further time. Although protesters were strongly in evidence at the meeting and numerous objections to the adoption of the resolution of intention to improve the streets of the district were numerous, no sign was given that the owners of property in that section of the city were opposed to improvements. In fact, with but two exceptions, all made it apparent that all that was desired was postponement of the work until a more proptious time. All of the trustees except Beeger were present at th meeting, and the order of postponement was adopted by a unanimous vote.

When Chairman Merrill announced that the consideration of the resolution of intention for the improvement of district No. 17 was the order of business and asked Clerk Plump if any protests had been filed, that officer produced a formibable bundle of documents, and as he began to read, a look of subdued resignation spread over the faces of the Trustees, while an air of expectancy was evident in the well filled lobby.

The first protest to be read was that of A. J. Twombly, who made numerous formal objections to the sufficiency of the proceedings leading up to the presentation of the resolution of intention and the manner of apportioning the cost. Edward Dearborn, C. H. Mero, J. V. Swift and Maria Lovie jointly filed an objection to the character of improvement specified, claiming that for their portion of the district a less expensive pavement would in their opinion answer all purposes. A similar objection was made by Mrs. I. Hesselberg, who is a resident of San Francisco. A protest bearing the signatuers of Chase Littlejohn, Mrs. Maranda Stewartson, Roe E. Swift, Jas. J. Richards, Stafford Bros., G. C. Ross, David Solari and H. B. Fee, asked that Warren street from Alden to Rogers be omitted from the district, pointing out that lots in that section were so laid out that none of them fronted on Warren street and there was little probability of the thoroughfare being used. The situation was explained by D. R. Stafford, who was present as a generally interester property owner in favor of improvement, with the statement that he believed the benefit to either the neighboring property or to the city in general would be small in the street mentioned. The only protests making objection to street improvements were made by two nonresident owners of property, Mrs. Mary F. Fitch and J. S. Hutchinson of San Francisco.

The following letter of protest, tion of the sentiments of the prop- which seems to be a good indicaerty owners of the district was presented from the improvement club recently formed among the residents of this portion of the city:

Redwood City, Cal., June 12, 1911

To the Hon. Board of Trustees of the Town of Redwood City,

eGntlemen—At a meeting of the Seventeenth District Improvement Club held on Saturday evening, June 10th, it was the unanimous sentiment of the members present that the Board of Trustees of the Town of Redwood City be requested to defer further action in the matter of street improvement in this district until the 1st of December, and a motion to that effect was duly and unanimously carried. The object of deferring this section is that in the opinion of the property owners the season will be too late this year for commencing the work to obtain the best results, and that they should not be compelled to make their payments at the present time and have the money idle until next spring.

Trusting this request will be granted, we remain yours truly,

C. C. Benson, president.

Geo. West, secretary.

Acting in behalf of a number of individual owners of property in the district, attorney Archer Kincaid filed several written protests. These were all couched in identical language and raised several technical objections to the legality of the council, some of which were set forth quite fully. In explaining the position of his clients Mr. Kincaid made it plain that none of them were opposed to the improvement of the district, but on the contrary desired that the work should proceed practically on the lines proposed, but preferred that action be delayed until a season when the work should be pushed to completion safely without delay after the money had been collected. In pointing out what he conceived to be objections to the method of proceedure he had desired to assist the trustees rather than to oppose the work and to this end desired that the final proceedings should be without objections which might cause delay when harm would result.

After some little general discussion it became evident that the members of the council were convinced that the people approved the general plan of their work and that the desire for delay was a wise one, tion as to the best time to which to defer further proceedings. While several favored the 1st of December, City Attorney Mansfield suggested an earlier date in order that there might be ample time to review the proceedings should such action be considered advisable. With the understanding that further postponements might be made as circumstances seemed to demand, action of the resolution was ordered postponed until the first regular meeting of the council in October.

In finally disposing of the quesgested to President Benson of the improvement club that the members of the club confer from time to time with the city engineer and city attorney and make such suggestions as they considered for the betterment of the work, giving the assurance that it was the wish of the trustees to be guided by the opinions of the owners of the property in the prosecution of the work of improvement as well as to protect the interests of the city in general.

Besides disposing of the important matter of street improvement, several matters of a more routine nature were acted upon.

Trustee Hynding was named as a delegate to represent the council at the annual banquet of the Sempervirens' Club, which will be held at the Hotel St. James in San Jose this evening.

In reply to a question from a property owner in district 16, the information was brought out that after the payment of the first installment, which becomes delinquent July 3d, more than a year would elapse before another call for money would be made. The second installment will not become delinquent until the last Monday in November, 1912.

Marshal J. P. Coleman reported that all assessments against property in assessment district 15 had been settled either by payments in full or the signing of bond contract and the payment of the first installment. Following the report a resolution was adopted ordering the issuance of the bonds of the district for $7667.27 and directing Clerk Plump to advertise for bids for the purchase of the bonds, the bids to be opened June 26th.

Plans and specifications for the bridges and retaining walls of the storm water outlet on the county road as prepared by Engineer Bruno Heman were adopted. Bids for doing this work will be received at the meeting of the Council on July 3d.

Trustee Brown reported that several complaints had been made to him of violations of the ordinance which forbids the obstruction of sidewalks. Marshal Coleman was directed to warn merchants and others that the ordinance must be respected, and that if the warning was not heeded to take steps for its enforcement.

Supervisor McEvoy was granted the use of the street sweeper for some work on the roads in his district, the county to renew the brooms of the sweeper and pay rental of $1 per day.

Hearing on the application of Contractor T. C. Rice for the acceptance of sidewalk and curbing on the easterly side of Elwood street was again continued for one week at the suggestion of Street Superintendent Dickey.

At the suggestion of City Attorney Mansfield a motion was passed formally accepting the new fire alarm system. This cleared the way for the payments for the system under the terms of the contract.

COUNTY BOOSTERS PUSHING THE WORK

Development Association Holds Unique Promotion Rally at San Carlos

JOY DANCE ON PUBLIC STREET

Hon. S M. Shortridge Makes Eloquen Plea for United Effort for Improved Conditions.

Last Saturday evening was "San Carlos night". The ladies, led and directed by Mrs. A. H. Winter gave a delightful open air reception to the San Mateo County Development Association.

The Redwood City brass band met the visitors at the depot which as well as the "Esplanade", for merly Cypress avenue, was brilliantly illuminated with hundreds of electric Japanese lanterns. The committee and speakers were escorted to the elegant home of A. H. Winter, whose veranda decorated with flags and flowers served as the stage. Seats were provided for three hundred, and all were filled while many autos from surrounding towns lined the Esplanade.

J. W. Bourdette acted as chairman, he said the trouble with San Mateo county was, that heretofore everything in the way of development had been left for George to do and George had been too busy attending to his own affairs.

Mr. F. Swart spoke on the 'get together spirit", throwing new light on an old subject.

W. F. Chipman took for his subject, "good roads," and in his usual happy vein he maintained that we did not advertise our natural advantages, that we rested too easily on our oars and let the other fellow do it.

D. G. Doubleday of Millbrae and W. J. Martin of South San Francisco, spoke at length and to the point on transportation and electric roads.

The speaker of the evening, Mr. Samuel Shortridge, was never more eloquent nor more interested in his subject. He said he had never seen the moon so full of light, nor committee so full of enthusiasm, that it was enthusiasm and unity of purpose that had made the deserts of Southern California to blossom as a rose, and had made so great a city of Los Angeles that she even aspired to be a rival of San Francisco, and without any of its natural beauties and advantages. His home was in San Mateo county because it was the most beautiful county in the whole state. True his farm was not as large as Mr. Flood's but it was just as deep and he loved it as dearly. He told us we should endeavor to assist the associatfon by our membership, encourage it by our presence, if a good suggestion came to us, offer it. In a movement of this kind it is only by boosting all together that success is achieved. Everyone should do his or her share for the prosperity of the county, which means the prosperity of the individual.

Miss Adams of San Francisco and James Fitzgerald of Menlo Park sang sevrael selections which delighted the audience.

After the program, refreshments were served, while the band played excellent dance music, and young and old partook of the novel pleasure of dancing on the smooth cement sidewalk, in the soft balmy air, fragrant with the scent of newmown hay. The light summer frocks of the ladies added greatly to the beauty of the scene.

The homes and grounds of Mrs. N. T. Smith and Mr. Woolsey were beautifully lighted and decorated with festoons of lanterns of gay and fanciful designs which lent a general air of festivity and transported one to carnival season.

San Carlos certainly has set a pace, and we hope to see our older cities "Keeping up with Lizzie." It goes to illustrate what energy and good will can accomplish.

What appear to be authoritive announcements from official railroad circles indicate that the big Dumbarton Bridge is to be permanently opened to through freight traffic June 28th. It is announced that after that date all freights for San Francisco will go by way of the Dumbarton cutoff.

This means that as far as overland and interior freight is concerned the freight ferry service between Oakland and San Francisco is to be discontinued, and that only the Oakland and Alameda freight will go by that route. With the opening of the Dumbarton cutoff all through freight trains will come from Stockton to Newark, and thence to San Francisco over the Dumbarton bridge and through this city, making Redwood City and important junction point.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble. and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

Blind Boy's Appeal.

The Examiner's great subscription contest will close on July 4th. Among those who are striving to win prizes is Samuel William Bean, the blind boy of Palo Alto, who was born in Redwood City. Samuel is working to win a scholarship in a school for the blind and at present stands twenty-second in the list. He is appealing to his friends to stand by him in his great need, and his plea is a meritorious one.
